

CANYON RUNNER

Virtual Captain Installation Guide

1. Unpackage the VC Box, NMEA Cable and T-Connector, and the Mounting Screws & Tabs.

2. Go to your Electric Panel, and locate the NMEA Backbone.
 - a. Your NMEA Backbone may be in a different location, depending on your boat.

3. See if you have an available port (the bottom part of a T-Connector).
 - a. If so – connect one end of the NMEA Cable provided to your VC box and the other end to the available port. Make sure the cable is tightly secured to the VC box and the open port – then go to Step 7

4. If you don't have an available port, unscrew the Terminator, plug in the T-Connector, and reattach the Terminator.

5. Plug in the NMEA Cable into the open port of the T-Connector you just installed. Make sure all of the cables and connectors are screwed and secured tightly.

6. Mount the VC Box securely to any flat surface using the screws or the mounting tabs provided. You can even zip tie the box to any available stationary item. Please ensure it is securely mounted to avoid gaps and rattling.

7. Power up ALL of your boat's Electronics and Starlink.

8. Open the Camera on your phone, scan the QR Code on the VC Box, and click the button (the QR Code will say canyonrunner.com) that pops up on the screen.

-
9. After clicking the popup button, follow the directions from the QR Code to download the Canyon Runner Connect App.
 - a. After downloading the App - you will first be directed to login with your Canyon Runner Virtual Captain Website username (which is your email address) & password (which you just created the first time you logged into the new Canyon Runner Virtual Captain Website).
 - b. Once you've entered your Canyon Runner Virtual Captain username/password you will then be instructed on how to connect to your boats wifi to the VC Box (*which in almost every case will be its Starlink wifi network*).
 - c. Once the Connect App indicates you have successfully connected your VC Box, please call Adam (732-272-4445) or Deane (203-644-4044) so we can verify that you're properly set up!

If you have any questions on any of these steps, please call or text Adam at (732) 272-4445 or Deane at (203) 644-4044 or email info@canyonrunner.com for assistance.
